# WHY KEY/REMOTE REPLACEMENT COVERAGE?

**THE ONLY THING WORSE THAN LOSING YOUR KEY/REMOTE, IS HAVING TO PAY UP TO \$800 FOR A REPLACEMENT!**

Thanks to advances in technology, most newer vehicles now come equipped with a key/remote embedded with a computer chip especially coded to match your vehicle's ignition system.

Manufacturers designed them to make vehicles more theft proof; unfortunately, it's also made replacing and reprogramming a lost, stolen or damaged key incredibly expensive!

**DEPENDING ON THE MAKE AND MODEL, IT CAN NOW COST AS MUCH AS \$800 PER KEY AND MOST FACTORY WARRANTIES AND SERVICE CONTRACTS WON'T COVER THAT COST!**

# HOW KEY/REMOTE REPLACEMENT PROTECTION WORKS

IN THE EVENT YOUR KEY/REMOTE IS LOST, STOLEN, OR DESTROYED, WE'LL PAY FOR YOUR REPLACEMENT SO YOU CAN GET BACK ON THE ROAD – FAST!

**PLAN 1**  
PROVIDES UP TO \$400 PER YEAR

**PLAN 2**  
PROVIDES UP TO \$800 PER YEAR

Payments are made directly to the service provider (up to the plan limits you select) so you can skip the hassle and avoid hidden fees.

*IMPORTANT NOTE: for the safety and security of the vehicle owner, all keys and/or remotes that are reported lost, stolen or destroyed must be reprogrammed by the dealer prior to replacement. You are not responsible for any out-of-pocket expense other than costs in excess of your yearly plan limit. Coverage may not be available in all states, please see contract for all details. Restrictions & limitations may apply.*
