Protecting the Tech that Drives Us All

WE PROTECT YOUR INVESTMENT

TODAY'S VEHICLES RELY ON SMART TECHNOLOGY INSTEAD OF MECHANICS TO OPERATE, WHICH HAS GREATLY ENHANCED THE CAPABILITIES OF EVEN SIMPLE COMPONENTS LIKE SEATS AND MIRRORS.

Once you've used back-up cameras or Bluetooth for hands-free calls, you can't imagine driving without these must-have items.

As with anything high-tech, these components are made up of complex parts that can cost several thousand dollars to replace and are rarely covered under a protection plan.

AVERAGE REPAIR COSTS:

- ✓ ADAPTIVE CRUISE CONTROL.....\$2,350
- ✓ NAVIGATION / TOUCHSCREEN DISPLAY....2,500
- ✓ REAR ENTERTAINMENT SYSTEM.....\$ 2,750
